European Security & Defence (ESD)

“European Security & Defence” (ESD) addresses an international readership in more than 100 countries with a distribution focus on Europe. ESD considers questions of international relevance at political/parliamentary, military, technological and industrial levels. The magazine is supported by renowned and expert authors from politics, the military, public administration acknowledged scientific institutions and independent specialist writers from around the world. ESD is published monthly with a double issue in November/December.

ESD is accompanied by the ESD Newsletter.

ESD 01/22 – January

Focus: International Armoured Vehicles (IAV)

Bonus Distribution: IAV (24-27 Jan)

AD: 11/01/22 CD: 13/01/22 PD: 24/01/22

- Ammunition Handling for AFVs
- Armoured Infantry / Combat Vehicles from and for Eastern Europe
- Cargo Vehicles for Front-Line Replenishment
- Case Study: European 6x6 options
- CBRN (1): CBRN Recce/Recon Vehicles
- Commercial Uparmouring
- G-Wagen Update
- Medium calibre cannons
- **MGCS SitRep**
- **OMFV Update**
- Onboard Communications
- Propulsion Systems for Armoured Vehicles
- Diesel v. Electric on the Battlefield
- Strategic Power Projection by AFV
- Transparent Armour
- Turret Options for 8x8s
- Vehicle Optronics and Vetrionics
- Vehicular Situational Awareness

ESD 02/22 – February

Bonus Distribution: Future Indirect Fires/Joint Mil T&S

(15-16 Feb) Singapore Air Show (15-20 Feb) /

UMEX-SIMTEX (20-22 Feb) / IWA/Enforcetac (1-6 Mar) /

Munich Security Conference (18-20 Feb) / International Military Heli-copter Conference (15-17 Feb)

AD: 01/02/22 CD: 03/02/22 PD: 14/02/22

- Armed and Armoured Helicopters
- CBRN (2): Coordinating Military/Civil Responses
- Clip-On Thermal Sights
- **Combat Cloud**
- **Defence Acquisition Programmes and Requirements in Singapore**
- Enhanced Urban Assault
- FRONTEX Update
- Future Autonomy
- Joint CBRN Capability Development Group SITREP
- Joint Lethal and Non-Lethal Indirect Fires
- Long Guns and Latest Scopes
- Multi-Calibre Pistol Update
- Personal Weapons & Equipment: (Pistols, Assault and Sniper Rifles, Ammunition, Helmets, Clothing, Body Armour, Load Carrying Systems)
- Simulation & Training in the UAE Armed Forces
- Tri-Service Simulation
- Spotting and Sniping Optics
- Tungsten Returns: Small Arms Ammo Developments
- **Unmanned Systems for the UAE**
- Urban Warfare

ESD 03/22 – March

Bonus Distribution: World Defence Show (6-9 Mar) / DWT (8-10 Mar) / DEFEXPO (11-13 Mar) / ISDEF (21-23 Mar) / Airborne ISR & C2 Battle Management (15-17 Mar) / IQDEX (19-22 Mar) / DIMDEX (21-23 Mar) / DSA / NATSEC (28-31 Mar) / AFCEA (30-31 Mar) AUSA Winter-Global Force 2020 (29-31 Mar)

AD: 21/02/22 CD: 23/02/22 PD: 05/03/22

- **Country Focus: Serbia**
- Aerial Weapons Delivery in South America
- Airborne Battle Management
- Assets for Breaking Contact
- Beachhead Factors for Defence
- Breaching the (Digital) Firewall: Cyber Defence
- Coastal Protection
- **Defence Acquisition Programmes and Requirements in Malaysia**
- Electronic Support and Countermeasures (ESM, ECM, ECCM)

- 15% – Others

Geographical Distribution

Europäische Sicherheit & Technik (ES&T)

After the 2012 merger of the magazines "Europäische Sicherheit" (founded in 1952) and "Strategie & Technik" (founded in 1958) ES&T has emerged as the leading independent monthly for security policy, armed forces, industry, armament and logistics in the German language. As a specialist magazine ES&T serves decision makers and programme executives in politics, the armed forces, public administration, scientific organisations, associations and industry. ES&T is published in close cooperation with the German Armed Forces, the Federal Ministry of Defence and subordinate offices and commands.

Language: German

In Cooperation with:

- Gesellschaft für Sicherheitspolitik e.V. (GSP)/ German Society of Security Policy (GSP)
- Clausewitz-Gesellschaft e.V. / Clausewitz Society
- Deutsche Gesellschaft für Wehrtechnik e.V. (DWT) / German Association of Defence Technology (DWT)
- Fraunhofer-Institut für Naturwissenschaftlich-Technische Trendanalysen (INT) / Fraunhofer Institute for Scientific-Technical Trend Analyses (INT)
- Führungsakademie der Bundeswehr (FüAK) / Bundeswehr Command and General Staff College (FüAK)
- Bundesakademie für Sicherheitspolitik (BAKS) / Federal Academy of Security Policy (BAKS)
- Bundesamt für Ausrüstung, Informationstechnik und Nutzung der Bundeswehr (BAAINBw) / Federal Office of Bundeswehr Equipment, Information Technology and In-Service Support (BAAINBw)
- Dienststellen und Kommandobehörden der Bundeswehr / Command Authorities and Offices of the Bundeswehr

Volume 10

Frequency: monthly

Please see p. 27 for your points of contact on all questions regarding advertising.

Focus: Defence Procurement in Germany

- Successor Protected Command and Functional Vehicles
- Simulation-Based Training on Divisional and Corps Level
- Commanding Multinational Brigades within National and Alliance Frameworks
- German Navy Cargo Handling

Programme Subject to Modification

Maritime Defence Monitor (MDM) – To be renamed in 2022

The **Maritime Defence Monitor** is an international journal covering all aspects of maritime security and defence, which will be published under a new name from 2022 onwards.

The **Maritime Defence Monitor** will be published with five issues in 2022 and distributed digitally and in print to its target audience worldwide. It is also available in 2022 as a free supplement for subscribers of the relevant TAMM MEDIA Group journals, namely: European Security & Defence, HANSA, and MarineForum.

Through strategic partnerships and targeted print and digital distribution, **MDM** authenticates its credibility, legitimacy and track record in the specialised international community of naval and maritime professionals. **MDM** is the only naval or maritime publication to establish itself in this inimitable way.

Editorial Leadership Team: Capt. (ret) Hans Uwe Mergener, Conrad Waters

Desk Editor: Christian Kanig

Circulation: 2022 mainly as a supplement to “European Security & Defence”, please see page 8, for full distribution details

Technical Details: please see pages 23-24

Defence Technology Review (DTR)

The issues of the Defence Technology Review series are published in close cooperation with the FMoD, offices and the command authorities of the Bundeswehr/NATO, as well as in cooperation with academia and the defence industry. Within the Bundeswehr these publications are used as a special source of dedicated information. They reach decision makers, analysts and their assistants in politics, public administration and the military, including the relevant parliamentary committees. Besides, they serve as documentation of the continued development of the Bundeswehr.

Language: German or English

Frequency: As required

Top Quality Series of Dedicated Brochures on Current and Future-oriented Theme Segments:

- Bundeswehr Development
- Defence Technology
- Armament and Equipment
- Information Technology
- Logistics

Circulation:

- From 5,000 – about 12,000
- Based on individual agreements regarding additional distribution / contingency purchases by the Bundeswehr or companies/associations

Quality Features

- Established series of publications (more than 250 issues published)
- High attention within the target groups
- High-class and reliable information

Target Groups and Distribution

- Bundeswehr Management
- Parliamentary Committees
- International Institutions and Organisations
- Diplomatic Service
- Offices, Service Branches and Schools of the Bundeswehr
- Associations, Institutions, Industry
- Science and Education
- Media

Distribution Channels

- Subscribers
- Bookstores
- Dedicated mailing lists
- Internet
- Bundeswehr internal distribution (selected issues)
- Exhibitions and conferences

Advertisers are invited to complement their advertisement with an editorial contribution (Marketing Profile) up to double the size of the advertisement. In combination with an advertisement the publication of these Marketing Profiles is free of charge.

Please see p. 27 for your points of contact on all questions regarding advertising.

IT-Report 2022 (German)

ED: 13/04/22 **AD:** 19/04/22 **CD:** 21/04/22 **PD:** 06/05/22

The annual IT Report traditionally coincides with the AFCEA Bonn exhibition (11/12 May 2022) and will reflect the current state-of-the-art in the application of information and communication technology to support the armed forces in basic operations. The main contents will be provided in the format of specialist articles by experts and decisionmakers from government agencies, scientific institutions and industry. In addition, current projects and requirements are presented.

Bonus Distribution: AFCEA Exhibition 2022, Bonn

German Land Forces Armament 2022 (English)

ED: 25/04/22 **AD:** 06/05/22 **CD:** 12/05/22 **PD:** 08/06/22

This established publication – on the occasion of the two major international trade fairs for land forces, Eurosatory and AUSA – offers a broad international readership basic information on the current capabilities and further development of the German land forces. The defence technology industry is given the opportunity to present itself with products, services and company portraits.

Bonus Distribution: Eurosatory, AUSA

MGCS – Main Ground Combat System (English)

ED: 08/07/22 **AD:** 01/08/22 **CD:** 12/08/22 **PD:** 12/09/22

In the Letter of Intent (LoI) between Germany and France of June 2018, Germany was defined as the lead nation for the Main Ground Combat System cooperation project. The project aims to replace the Leopard 2 and Leclerc main battle tanks currently in use by the mid 2030s. Using innovative advanced technologies, a state-of-the-art weapon system is to be developed which, in terms of assertiveness and combat superiority, clearly outnumbers all systems currently in use.

Soldat & Technik 2023 (German)

ED: 07/11/22 **AD:** 02/12/22 **CD:** 09/12/22 **PD:** 20/12/22

The personal equipment and weapons fit of the individual soldier is of decisive importance with regard to his fighting power and stamina. High-quality and goal-oriented training guarantees the indispensable prerequisites and skills. "Soldier Technology 2023" is dedicated to address precisely these aspects. Designed as an annual compendium, this publication considers all aspects relevant to the deployment of dismounted soldiers.

Bonus Distribution: Enforce Tac/IWA, Nuremberg – German Infantry Day, Hammelburg – KSK Symposium

Fast · Concise · To the Point

The independent fortnightly online newsletter **wehrwirtschaft** (German) is distributed in PDF format via email and offers information on events, developments and changes in the field of armed forces, armament, defence industry and logistics. Besides a highly topical focus it features concise articles from the categories:

- Industry
- NATO / European Armed Forces
- International
- Conferences
- Persons

Readership and Distribution

- Addresses:** Subscribers in ministries and subordinate agencies, Bundeswehr staff, members of the German Bundestag's Committees on Defence, Budget, Foreign and Internal Affairs, the Bundessicherheitsrat, the defence industry, associations and research institutions.
- Distribution:** Core distribution in Germany and other German-speaking countries.
- Circulation:** As each issue is available in internal networks of authorities (including the German Federal Ministry of Defence), institutes and companies on the basis of licence agreements, and the form of distribution allows its forwarding, the number of regular readers can only be roughly estimated. It can be assumed that each issue of wehrwirtschaft reaches 10,000 to 15,000 qualified readers.
- Publication Dates:** The publication dates in 2022 are:
17/01/2022; 07/02/2022; 21/02/2022; 07/03/2022; 21/03/2022; 04/04/2022; 19/04/2022; 02/05/2022; 16/05/2022; 30/05/2022; 13/06/2022; 27/06/2022; 11/07/2022; 25/07/2022; 08/08/2022; 22/08/2022; 05/09/2022; 19/09/2022; 03/10/2022; 17/10/2022; 02/11/2022; 14/11/2022; 28/11/2022; 12/12/2022

Terms of Business

1. An advertising order for one or several advertisements, inserts or supplements shall be subject to the General Terms and Conditions of the publication contract and shall thus be considered to be an advertising legal entity.
2. Advertising orders shall be satisfied within a period of one year following placement of an order. For combined advertisements, inserts and supplements, the basic rate shall be charged to each respective client.
3. Discounts, as specified in the advertising rate card, shall apply only within one year after the appearance of the first advertisement.
4. The client shall be entitled to increase the quantity of advertisements specified in the contract within the contractual period of the order.
5. If an order cannot be satisfied due to circumstances beyond the control of the publishing house, the client shall pay the difference between the granted and the appropriate discounted fee to the publishing house. This clause is made without prejudice to any further legal obligations. Such payment shall not be due, if the contract cannot be carried out by the publishing house due to force majeure.
6. In calculating the price of an order, text line millimetres shall be converted into advertisement space millimetres.
7. On the alteration of the advertising rates, new conditions shall enter into force immediately, unless the client and the publishing house agree otherwise.
8. Unless given as a precondition for the placement of an order, the publishing house shall not guarantee advertisements, supplements or inserts appearing at certain places of the magazine.
9. The publication of advertisements in the journalistic text portion shall be billed at the text portion rate. Text portion advertisements are defined as advertisements, which border on at least three sides with the text and not on other advertisements.
10. Advertisements, which cannot be recognised as such by their design, shall be visibly marked with the word "advertisement" by the publishing house.
11. With the acceptance and examination of advertisement texts and illustrations, the publishing house shall exercise reasonable care as is customary in business. It shall not, however, be held liable for misleading information or deception provided by the client. The client is solely responsible for the legality of the advertisement, the supplement or the insert.
12. The publishing house reserves the right to reject advertising orders – or individual telephone calls constituting a contract – if the contents, the origin, or the technical form, following objective principles of the publishing house, do not comply with laws or official regulations or if the publishing is not considered just and reasonable by the publishing house.
13. Orders for supplements and inserts shall not be considered binding for the publishing house before the submission of an advertisement sample. The publishing house shall not accept supplements or inserts, which lead the reader to believe that, due to the format or layout, the supplement or insert is a component of the magazine. Supplements and inserts, which contain external advertisements, shall not be accepted.
14. Proofs shall only be supplied on explicit request. The exclusive responsibility for the correctness of the proofs returned to the publishing house shall rest with the client. If the proofs do not arrive at the publishing house before the appointed date, permission for the printing shall be considered as having been given.
15. The client is responsible for the timely submission of the advertising text and for the proper printing of documents for the supplement or inserts. The publishing house shall request immediate replacement for visibly unsuitable or damaged printed documents. When advertisement orders or alterations are forwarded by telephone, as well as in the case of errors due to illegible writing, the publishing house shall not be held responsible for the corrected rendition. If the publishing house is not able to immediately recognize deficiencies in submitted documents, but then subsequently finds them during the printing process, the publisher shall not be held liable. This clause applies also to incorrect repeat advertisements, if the client does not point out the mistake before the printing of the next advertisement.
16. The publishing house shall guarantee the technically perfect rendition of the advertisement. In case of an illegible, faulty or incomplete printout of the advertisement the client may claim a payment reduction or a repeat printout, but only to the extent, that the objective of the advertisement was impaired. The publishing house will not accept any further liability beyond this clause. Complaints in respect of this clause are to be filed – except for non-obvious deficiencies – within four weeks after receipt of billing and voucher.
17. Payments shall be strictly met within 14 days starting from invoice date. In the case of a payment delay, the publishing house shall be entitled to charge the default client interest of at least 2 % above the respective basic interest rate of the European Central Bank. In the case of payment delay the publishing house shall be entitled to postpone further processing of the client's current order until payment is made and shall be entitled to demand pre-payment for remaining orders.
18. On request the publishing house shall supply a voucher copy of the advertisement with the billing. Depending upon the kind and scope of the order, advertisement detail clips, voucher pages or complete magazine copies shall be supplied.
19. Costs in respect of preparation of ordered printing documents as well as of changes demanded by the client, or for which he is responsible shall be borne by the client.
20. A decrease of circulation shall only affect the contract if the circulation declines more than 20 %. Further claims for compensation shall not be admissible if the publishing house informed the client about the decline of circulation such that the client was able to cancel the order before its appearance.
21. In the event of box number advertisements, the publishing house shall exercise reasonable care for the safe custody and timely forwarding of responses. Registered letters and express letters in response to box number advertisement shall only be forwarded by regular mail. The publishing house reserves the right to open incoming mail for inspection purposes in order to eliminate the misuse of the box number service. The publishing house shall not be obligated to forward offers of market targeting or product placement.
22. The publishing house shall return printing documents to the client only on special request. Unless otherwise agreed, the obligatory period of retention shall end 3 months after expiration of the contract.
23. Place of performance and legal venue is Bonn.
