

MITTLER REPORT

21st Life Cycle Management in NATO Conference and Exhibition

20/21 January 2026 | Brussels

MITTLER
REPORT

21st Life Cycle Management in NATO Conference and Exhibition

The LCM 2026 will be addressing the topic of

Cooperating for Capability

Life Cycle Management – The Key Enabler from Investment to Combat Power

Every year at the end of January, the international conference 'Life Cycle Management in NATO' takes place in Brussels, organised by **Mittler Report Verlag** in cooperation with the **NATO Life Cycle Management Group (LCMG)** and with the support of the **NATO Industrial Advisory Group (NIAG)** and the **German CALS Forum**.

The Conference is an annual international event that brings together experts from NATO nations, industry, and academia to discuss strategies for managing complex systems across their entire life cycle. The focus is on improving sustainability, readiness, and cost-effectiveness through better planning, acquisition, support, and disposal of capabilities.

Date: 20/21 January 2026

Location: Holiday Inn Brussels Airport

Conference language: English
